CNA Risk Control services help prevent loss

The least disruptive loss is the one that never occurs. With CNA, you benefit from a broad array of expertise in middle management accountability, ergonomic assessments, slip/fall analysis, fire protection, infrared testing, risk transfer and more. CNA Risk Control consultants have a long and successful history of helping service businesses protect workers, safeguard assets and improve productivity. Following are a few examples of a comprehensive package of risk control services that can help you avoid costly work stoppages.

School of Risk Control Excellence — provides a series of educational seminars led by experienced business service professionals designed to help you mitigate the impact of risk control issues on day-to-day operations. Courses include:

- Managing Your Fleet Safety Program for Profit
- Motion is Money: An Approach for Business Solutions
- Slips, Trips and Falls
- Workers' Compensation Boot Camp
- Developing a Return-to-Work Program
- Machine and Equipment Safeguarding: Lock out/Tag out

Floor Traction Evaluations — identifies problems with floor surfaces and their maintenance to prevent slips and falls. Our National Floor Safety Institute (NFSI) certified walkway auditors use state-of-the-art traction measuring equipment to make sure you're getting the best return from your investment in floor cleaning services and products.

Vendor Alliances — provides CNA policyholders with online safety training and exposure management courses, business continuity planning and employment screening solutions, all at discounted rates.

Client Materials — offers a library of informational materials covering topics such as electrical failures, employee background and drug screening, return-to-work, and lock out/tag out.

Safety Resources — includes such topics as labeling, electrical safety, footwear and fall protection.

Consistent and timely claim handling

At CNA, we provide a consistent, seamless approach to claim handling, beginning with initial claim reporting and ending with the final resolution of a claim. Our specialty claim handling is among the best in the industry. Claims can be reported 24/7 online, by phone or fax. Once a claim is reported, it is triaged for type and complexity and directed to the appropriate area for handling, so your claims get the attention they need. Our claim handlers specialize in specific types of claims to provide consistent and timely resolution. You and your independent agent have online access to a broad range of claim information, as permitted by law. With claim handling available in all 50 states and comprehensive programs designed to reduce the overall cost of loss, we offer many service advantages to properly manage a claim.

We're committed to your business

CNA offers you extensive market and industry expertise, combined with industry-specific coverages, innovative risk control programs and superior claim services. Together with your independent agent, we help ensure you get the customized insurance solutions necessary to help minimize your business risk.
